ONE DOLLAR YEAR IN ADVANCE

THURSDAY, AUGUST 2, 1906

Clark Conkling of the Lyons Republican one of the men who was strongest in favoring the nomination of Judge Clark is now showing his honesty and fairness by his attitude toward Mr. Fitzgerald. Mr. Conkling says in his paper: "A few papers are unfair to W. J. Fitzgerald in regard to his answer to the 'Stubbs' questions. In the first place it is entirely proper for Mr. Stubbs or anybody else to ask any questions they may wish of any candidate but when that candidate gives a fair and candid reply he should be given credit therefor."

The Republican believes there will be no better campaign literature for the voter this year than the recent letter of Gov. Hoch and the interview with W. J. Fitzgerald. They are too long for these columns but we hope before the campaign closes to present them in some shape to our readers. They discuss the issues of this campaign in an open manner—and not subversively.

From the meager facts contained in a despatch from the little town of Monroe, Iowa, a day or two ago, it is believed that community is preparing to give a valuable object lesson to the rest of the country. Monroe has municipal electricity, municipal waterworks and other municipal utilities, and now it has added a municipal street car system to its equipment. This is, perhaps, the first real municipal street railway in this country, but that isn't the only remarkable thing about it. The despatches say that the electric line was paid for out of the profits made from the other municipal utilities, and it therefore has not cost the taxpayers a cent. This Iowa town must be a peculiar community. Where did it find public officials so honest and efficient as to be able to accomplish such results? Or has it a special system under which it works? Think what this means for the town, if it now has all the municipal utilities it desired. It can either greatly reduce its rates for water, electricity and other commodities, or it can keep on making profits from them and apply them to the city's current expenses, thereby relieving the people of other taxation. Further information concerning this Monroe municipal government would be acceptable.—Topeka State Journal.

Heart Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miller's Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around my heart, and the doctors said it was incurable. I don't believe it now. After taking six bottles of Dr. Miller's Heart Cure, three bottles of the Nerve and Liver Pills I am entirely cured, and feel better than I have for five years, and it is all due to these remedies. I want you to know that your medicines cured me. It relieved me from the first dose, and I kept right on all the time in my chest was gone, and I kept on feeling better until I quit taking it." JOHN H. RICHMAN, Bowling, Miss.

Dr. Miller's Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money. Miller Medical Co., Elizabeth, Ind.

Biliousness

That yellow, yellow look, those terrible headaches, that dulled brain; all these things spell biliousness, which is the direct result of a liver which fails to perform its functions in a natural way. Before you can destroy that bilious condition you must get your liver in form and nothing will accomplish this so quickly or so thoroughly as

Dr. Caldwell's Syrup Pepsin

This remedy is the most valuable one obtainable for all liver and kidney troubles, possessing properties which drive it directly to the affected parts. Better than pills, oils, salts and nauseous purgatives which aggravate conditions and leave the sufferer in worse condition than before.

Formerly afflicted ones, now well and strong, pay eloquent tribute to its efficacy and power.

DR. CALDWELL'S SYRUP PEPSIN can be obtained in both dollar and half-dollar sizes from all druggists.

Your money will be refunded if it does not benefit you.

Your postal card request will bring by return mail our new booklet, "DR. CALDWELL'S BOOK OF WONDERS," and free sample to those who have never tried this wonderful remedy. Write for it today.

WHITE ON REPUBLICAN PARTY.

The Kansas City Star says the Emporia Gazette is wobbly in its Republican faith and the Gazette replies:

The Emporia Gazette is not wobbly in the Republican faith. Never has there been a time in the history of the American nation when a Republican could be prouder of his faith and firmer in it than today. The work of the Republican party in this state and in this nation during the two years' last past has been of vital importance to citizens and taxpayers and to the world at large. In Kansas a Republican Legislature put on the statute books the best laws that have been enacted for a score of years, and to enforce those laws a Republican governor has appointed the cleanest, ablest man appointed in Kansas for many years. The most implacable enemy of Governor Hoch must admit that his handling of the new laws made by his party under his administration has been entirely satisfactory. As a result of those laws materially Kansas is hundreds of thousands of dollars richer than she would be without them, and from a spiritual standpoint which is really the important standpoint, the moral growth of the state has received an impetus, the like of which has not been known for many years.

Nationally the Republican party has accomplished more important legislation, and has enforced more good laws than the nation has ever seen passed and enforced in a similar period of years. The Republican party is cleaner in the nation, and is more effective for righteousness than ever before, and there is no reason why any Republican in this whole blessed land should be wobbly in his faith.

News From THE STATE SOLDIERS' HOME At Fort Dodge, Kas.

The finest weather on record.

Vern Giesel and wife visited the Fort Sunday.

Capt. Sweeney and Frank Chapman were in Sunday.

While we write Jerry Shaw is keeping up a terrible racket with a lawn mower.

Mrs. John Keith has been down to Bucklin to see a daughter, and reports a big grandchild.

Jesse Elam, E. 1st, Mo., S. M., went out of the Home some time since, and we hear he wants to come back.

Capt. Beth, H 20th Iowa Inf., has changed his rooming house. It is a pleasure to us to call him captain because he then calls us colonel.

Mrs. Joe Timmons and Miss Winona have been visiting folks at Ashland, Clark county. They report fine crops of wheat, grapes and plums.

We understand that a number of the old boys made application for admission into the Leavenworth home, just to get the benefit of the half-fare rate, if not the benefit of the pass.

"Friends, Romans, countrymen, lend me your ears!" Now then, as W. R. Stubbs says that W. J. Fitzgerald's answers to the questions sent out are satisfactory to the people of Kansas, let the battle proceed.

John Tiffin and Mrs. Tiffin went away some time ago to Wichita where John secured a good job, but he could not stand the wear and tear and now he is back in the Home. John H. was in Co. D 43d Indiana Inf., during the late rebellion.

But say, we are afraid this 2 cent fare rate will run into our arrangements. All old soldiers in state and national homes get a half-fare rate on all railroads. That is less than 2 cents now, but after the rate is reduced we can scarcely be able to still get half-fare rates, which would, of course, be one cent per mile.

The Capital calls our new railway (to be) the Denver, Kansas and Gulf. That will be satisfactory to us. "A rose by any other name would smell as sweet." We will give the names of the depot master, ticket agent, operator and employees as soon as we ascertain said name.

A splendid rain the night of the 26th with much thunder and lightning. We were sound asleep when a tremendous clap of thunder caused us to suddenly sit up and take notice. About one inch of rain fell. We had another fine rain on Friday night, a gentle drizzle drizzle.

In Mr. Tucker's letters he states as a fact that the nomination of Mr. Fitzgerald carries with it the building of the cut off from Dodge City southwest. Mr. Tucker, we suppose, is a distant relative of Dan, who came too late to get his supper. However, we will all be duly thankful for the cut off, and will therefore rejoice and be exceedingly glad.

Abram Comback, A 10th N. J. Inf., must at some time during his life have been a farmer. He has harvested two nice plots of oats and is now engaged in carting manure and scattering it over said plots. He gets the manure at the old stables which were built along in the 60s. So far about 3.50 inches have fallen. My, what a garden that will be.

A corps of surveyors took dinner with us recently. They were staking the much-talked-of railroad line from Sun City to Dodge City—the Denver, Gulf and Gulf, I believe they call it. The line runs close to Walker's store and on east into the pasture north of the public highway. We thought a railway would strike us sooner or later—perhaps later.

This is a fine corn year, but we did not know it in the spring, and it was not "forecasted." As the old saying goes "If our foresight was as good as our hindsight we could work wonders." But the Lord of earth and skies has limited our understanding. Once upon a time there were two farmers, one worked on the Sabbath the other didn't. In the fall the one that worked on Sunday says, "friend you did not work on Sunday, I did, and my corn looks as fine as yours." The other replied, "see here my friend, God does not settle his accounts in the month of October." As that was years ago, the accounts have probably been settled by A. D. 1906.

Comrade Evans and wife have returned from Hiawatha the 25th, and report a fine time while absent. Mrs. Evans enjoyed the trip but feels very tired, being partly paralyzed. Andy swerved during the war in the 4th Ohio Inf., which was on the famous Gibraltar Brigade. He says Ex-Governor Morrill is enthusiastic for the Republican ticket and wishes all the old boys to stand by their guns. He sends especial greeting to the old boys in the Home. Another one of the boys says that Ex-Governor Bailey also sends word for the old boys to be on their guard and stand up for Governor Hoch, and stand pat, and under no circumstances to allow the scepter to depart from the party in power.

BACK-ACHE

the circumambient air for several blocks. Some travelers once stated that in travelling over the country whenever they wished to stop over night they always picked out a house where they found an abundance of flowers, and they were always agreeably entertained. Recollect this while travelling through this old world of ours, and as the poet "re-marked"

"You will not be looser by it, It will pay you for your trouble."

From Headquarters National Tribune, Minneapolis, Minn., we have this about the old veterans. "I am told that because the mayor of the town is enforcing the law and making Minneapolis a 'closed' town with the 'lid on' on Sundays, he has aroused the ire of the saloon men, and they have not contributed to the National Encampment fund. They are laughing about it. I am also told they say that they will make more money out of the National Encampment than anybody else in town. I can speak for one set of people and tell these bear men that they will get very little money out of the veterans. It has been remarked over and over again that veterans as a class drink less than any other set of men who attend great gatherings." This does not tally with the Louisville Courier Journal, that styled the veterans as "red-nosed patriots who hang around groceries." Col. Watterson some time during the war was editor and publisher of the Chattanooga Little Rebel. We suppose that like other Confederate sheets, Lincoln was "a baboon, a hairy savage and a rallsplitter." Booh! Now he delivers fine lectures upon Lincoln.

Notice is hereby given to all persons owning or leasing land and to the Santa Fe railroad in Fairview township to destroy all Russian thistles and sweet clover growing on their premises. The highway overseers of the township will be required to enforce the law against all noxious weeds.
